### MESSAGE FROM THE PRINCIPAL'S DESK

Dear Learners,

Nurturing Our Children: Lessons from September's Tapestry

As we stand at the threshold of a new month, let us reflect on the beautiful journey our children undertook throughout the tapestry of September. Each event, a vibrant thread in this intricate fabric, imparted invaluable lessons, nurturing our young ones in profound ways.

Teachers' Day was a celebration of gratitude and admiration for those who play an instrumental role in shaping our children's futures. The wisdom and care our teachers extend have nurtured resilience, curiosity, and a thirst for knowledge within our children.

Janmashtami, a festival of joy and spiritual growth, allowed our children to witness the teachings of Lord Krishna come to life. His lessons on righteousness, compassion, and wisdom have sown the seeds of empathy and understanding in their hearts, fostering a compassionate outlook towards the world.

The Interhouse Badminton Tournament became a platform for our young champions to embrace the virtues of discipline, teamwork, and determination. Through sports, they were nurtured not only physically but emotionally, learning to appreciate the spirit of healthy competition.

Grandparents' Day held a special place in their hearts, allowing them to acknowledge and learn from the boundless love and wisdom their grandparents bestowed upon them. The invaluable life lessons shared by their elders have nurtured respect, empathy, and a sense of belonging within them.

Hindi Diwas was a reminder of our rich linguistic heritage. Encouraging our children to understand and appreciate their mother tongue and other languages nurtures a sense of cultural identity and a deep connection to our roots.

Eventually, Vishwakarma Pooja reminded our children of the creative potential within them. Nurturing their creativity and craftsmanship fosters innovation, instilling confidence in their abilities to contribute positively to the world.

In the wake of these enriching experiences, let us nurture and cherish the growth our children have undergone. The seeds of values, sown through these events, will continue to bloom within them, shaping them into responsible, compassionate, and culturally aware individuals.

Wish you all the very best.

### AUS EINEM APRIL

Wieder duftet der Wald.  
Es heben die schwebenden Lerchen  
mit sich den Himmel empor, der unseren Schultern schwer war;  
zwar sah man noch durch die Äste den Tag, wie er leer war,  
aber nach langen, regnenden Nachmittagen  
kommen die goldübersonnten  
neueren Stunden,  
vor denen flüchtend an fernen Häuserfronten  
alle die wunden Fenster furchtsam mit Flügeln schlagen.  
Dann wird es still. Sogar der Regen geht leiser  
über der Steine ruhig dunkelnden Glanz.  
Alle Geräusche ducken sich ganz  
in die glänzenden Knospen der Reiser.

### THE FOREST SMELLS AGAIN.

It raises the floating larks  
which were so heavy on our shoulders, upwards into the sky;  
indeed, one saw through the branches the day, how it was empty,  
but after long, rainy afternoons  
come the gold, sunny  
newer hours,  
before which the far house fronts flee  
all the sore windows, fearful with wings' attack.  
Then it is still. Even the rain goes softer  
over the stone's peaceful, darkening shine.  
All sounds hide away  
in the shiny buds of the bushes.

### ONE THING THAT I WISH THE WORLD TO CHANGE

By Arpit Anand, Grade 10, Delhi Public School, Gaya

In a world teeming with advancements and challenges, I passionately advocate for a significant transformation that could redefine humanity's trajectory and secure our planet's future. As a student at Delhi Public School Gaya, I believe it is vital to express our concerns and dreams for a better world. The change I wish to see centres around environmental sustainability.

Our planet faces a critical environmental crisis, demanding immediate action to preserve it for future generations. Climate change, deforestation, pollution, and biodiversity loss require urgent attention. We must reshape our behaviours, habits, and choices to cultivate a sustainable and harmonious relationship with nature.

A fundamental shift in mindset is essential, acknowledging our interconnectedness with the ecosystem. Our actions directly impact the environment; thus, we must opt for choices that support ecological balance. Embracing sustainable practices in all aspects of life, from consumption to energy usage, is paramount.

Education plays a crucial role in driving this shift, emphasizing environmental education to impart an understanding of the delicate balance of nature and the consequences of our actions. Government policies must align with sustainable development goals, implementing stricter laws against pollution, promoting renewable energy, and encouraging waste reduction.

Furthermore, industries and businesses need to adopt sustainable practices and technologies, embracing circular economy models and optimizing resource use. Individual actions matter greatly—conserving energy, reducing waste, adopting a plant-based diet, and supporting eco-friendly products collectively contribute to a powerful impact.

In conclusion, a paradigm shift toward environmental sustainability is imperative for our planet's survival and well-being. Altering attitudes, behaviours, and policies can pave the way for a world where humanity coexists harmoniously with nature, ensuring a brighter future for all. It's a collective responsibility, and each one of us plays a vital role in making this change a reality.

इसका है न कोई पता या ठिकाना  
बस अपनी धुन में उड़ती, अंदाज़ है मस्ताना  
अपने पंखों को फैलाए  
उड़ती ही जाए अनंत गगन में  
जहाँ भी जाए उत्साह भर दे बदन में  
जब रोता है वो  
खुश होता है वो  
खुश होता है मानव भी  
क्योंकि इन्ही आँसुओं की बूदों से  
वसुधरा हो जाती है हरी-भरी  
भींगते हैं किसानों के तन-बदन  
खेत-खलिहान जैसे बन जाते हैं चमन  
लहलहाती हैं फसलें  
नाचते हैं मोर,  
अम्बर में जलधर बनकर आयी है
