Water is Life. Greenery is The Essence of Life. Keeping the Combined Interconnected Importance of Water... Life... And... Greenery in mind, The Govt. Of the State of Bihar had envisaged the formation of A Human Chain on the 19th of January - 2020, Sunday to Spread Awareness about Various Socially Relevant Issues and to highlight the plight of water and trees, which are rudimentary to Human Existence, anywhere in the world. Voluntary participation of students, teachers and management of the schools of the state had been sought and as is usual for all of us at DPS - Gaya, we had taken this genuine call of duty and enthused our students to make many relevant posters, placards and banners to spread general awareness. The entire DPS Gaya fraternity got together to move forward and formed the longest Human Chain by any single school in the town. Honourable PVC Sir and Respected Principal Sir, both left no stone unturned in their wholehearted guidance to help the staff members to keep the adrenaline rush intact and the motivation moving. The District Administration witnessed our long line of eager beavers who were showing their artistic placards and raising slogans for the various issues. Overall, The Human Chain Formation, was a grand success. Earth is, after all for the next generation of youngsters and we have to plan properly to preserve the sanctity of this sanctuary of solace and solitude.
