Parents' Orientation Programme at DPS, Gaya (Main Branch)

"A parent is a teacher at home and a teacher is a parent in school and the child is the centre of our universe."

Studies have proved that the involvement of parents in their child's education with a positive mindset, can enhance the child's unleashed potentials and the child becomes more regular to school and exhibit positive attitude and behaviour.

Believing in the aforesaid dictum, Delhi Public School, Gaya organised an orientation programme on 25th March, 2021, for the new set of parents to familiarise them, "as partners in progress" with the curriculum, rules and regulations of the school, teaching methodologies and the co-scholastic activities. The parents were acquainted with the rules and regulations of the school. Later, the teachers gave an overview on the various subjects and the activities which would be undertaken in the year ahead.

The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner. It also aided the parents in pointing out suitable follow up methods to reinforce the learning process of their children.
