## A Brief History

The first Delhi Public School (DPS) of the Magadha Division that came up just a year ago in the shrine city is now first in many ways. The school is perhaps the first institution in Gaya that could shape up its sprawling campus with magnificent buildings and surroundings with greenery. The development spree of the school also impressed the Association of Chamber of Commerce and Industry (ASSOCHAM), Jharkhand-Bihar Chapter that has awarded the institution with the 'excellence' in education for its quality education and infrastructure.

Delhi Public School Gaya made its auspicious beginning in the month of June 2013 with a record strength of more than 800 students from Pre - Nursery to Class VII. The School prides itself of a progressing infrastructure with smart classrooms, playstation and a fleet of 27 new buses which are fitted with speed governors and GPS.

DPS Gaya offers a nationalistic curriculum in an environment that fosters excellence in school life amidst wide open spaces. It also promotes the natural ability of children to learn through development of their cognitive and thinking skills and ensures that students are provided all opportunities for honing their co-curricular inclinations through sports, performing and visual arts, oratory and other creative pursuits.

### Message from Principal

Everyone is bestowed with unique qualities, and here in DPS Gaya, we cherish the uniqueness of the individual.

As the year 2014 is drawing to close it gives immense pleasure in successful completion of the 1st year of Delhi Public School Gaya's establishment. Though the school is in its formative year, we can take pride in having an year of achievements with children not only performing well in academics and stamping their presence in Top Ranks in Olympiads but showcasing their multi-dimensional talents in various Inter School, Zonal and National level of events. Indeed the first year of journey has been thoroughly enriching and fulfilling as our school has been making its presence felt in the academic arena of Bihar with Best School Awards from ASSOCHAM and Sahara Group. The pupils' holistic achievements too were celebrated in various functions organised round the year.

We at DPS Gaya are making committed and sincere efforts to provide our children the joy and bliss of learning. Our objective is to groom ideal citizens of tomorrow - making them intellectually elevated, socially useful and proud of our rich cultural heritage.

The first year saw our school taking shape and wings with many facilities in adopting technology to equipping our faculty with the latest trend in pedagogy. The school continues to emphasise the development of the qualities of self-worth, integrity, honesty, trust and compassion.

I express my sincere thanks to all members of management, parents and staff for their constant support and motivation.
