### Story of a new beginning

Seeds grow with time, love n care. And...here at DPS - Gaya we inculcate the confidence and ingrain the dare. Youngest bubbly n chirpy kids of Pre-Nursery, Nursery and Prep. classes have started their New Session today amidst the usual cheer and bonhomie. Teachers and other support staff helped all the toddlers get rid of their "first school day" blues. Some kids, although were feeling little overawed despite all the soft efforts, chocolates n koochie - kooing by the love and care spreading mother teachers. All in all.....the hectic day ended with bright hopes n good cheer for all. Old kids of our school who have crossed one living, loving....eventful year with us really inspired the new kidzzz on the block very well with their perfectly demonstrated courage devoid of any inhibition..... Accompanying picture gallery would enthral all, we do hope.

### Welcomes you to the FIRST DAY OF SCHOOL

## Parent Orientation Programme

Delhi Public School, Gaya had organised a Parents' Orientation Programme for the newly admitted students from classes Pre-Nursery to IX on 29 March 2019, with a goal to ensure a positive atmosphere for learning as well as building up the healthy relationship between the parents, teachers and the students.

Principal, Mr. Sanjeet Soni, welcomed the parents and told them about the rules and regulations of the school and a Powerpoint presentation was shown to all the parents about the same.

Followed by this, our teacher Mrs. Nazia conducted a workshop to give the parents an idea on how their child spends "A Day at DPS Gaya". The aim was to give parents an opportunity to experience and understand the world their child explores in the school. The parents were given an insight of DPS Gaya Learning System which is based on the belief that locked within every child is the inherent potential for greatness. It identifies the specific skill set of every child and helps each one of them to derive motivation from within as well as from the environment. Using the most advanced audio, visual and kinaesthetic learning techniques, DPS Gaya makes education effortless and effective.

Towards the end, the respective class teachers introduced themselves. Parents met their child's teachers and cleared the queries which brought a comfort level and deeper understanding into the working of the school.
