The objective of the activity was promoting oral hygiene and to encourage children to brush their teeth twice a day.

DPS Gaya Junior Wing organised Concept of Time Activity

The concept of time can be a daunting prospect to teach kids but teaching a child about time at a tender age is imperative.

The children should understand the passing of time and how time is a part of their everyday routine. There are plenty of visual supports that can keep kids interested in clocks and help them to tell the correct time soon before long.

Keeping this in mind, DPS Gaya Junior Wing organised 'Concept of Time' where children were given an opportunity to learn about time through various activities, e.g., Number Recognition, Concept of Hands of Clock, Hour Hand of the Clock, Movement of the Clock, etc. In this fun-filled activity, students rolled the paper dice and then pointed the hour hand of the clock to the respective number.

International Mothers' Day 2022

The legendary former American basketballer Michael Jordan said, "My mother is my root, my foundation. She planted the seed that I base my life on, and that is the belief that the ability to achieve starts in your mind."

Gautam Buddha said, "Teach this triple truth to all: A generous heart, kind speech and a life of service and compassion are things which renew humanity." In its unwavering pursuits of proliferating the ideologies of Buddha, Delhi Public School, Gaya celebrated "Buddha Purnima" at its campus. "Being Paranoid In 21st Century Is Justified "

The 21st Century what we believe to be the new era, a time period when world will take a new face, and it definitely is. When we talk of 21st century we talk of leadership, technology literacy, creativity, information literacy, productivity, flexibility, media literacy, communication and initiatives being the basics which you need in order to survive in today's supersonic world. A world which has ultimately taken the form of time trial. We all are running a race, having different paths, facing different obstructions but when all is said and done our destination is very same, to be safe and sound, happiness is a luxury which may come along.

The 21st Century has switched the trends, including course of crime. On one side of coin, crimes such as murder, robbery, theft, burglary have shown decline, on the other less physically violent crimes like cheating, counterfeiting, criminal breach of trust, bank fraud, cyber bullying, cyber pornography is rapidly increasing. These are the crimes you can not run away from, there is no place where you are safe from these. As your own photograph, clicked by you, kept in gallery of your phone, which has password which you made. Someone else can have access to it, from somewhere out of your reach, morph them however they want & use it however they want. A person could be preparing research paper on his laptop, one technical fault, and it's all gone, hardwork of months will go blank. In such we can't ask someone not to be paranoid. Because being paranoid protects us. It alerts us to danger & prepares us to deal with it. Paranoia is more like a warning, a signal that cautions us.

The number of unemployed people has gone from 187.3 million to 220.3 million, these are not just people who don't have jobs, these are the people who are running a race, with obstacles, such as homelessness, illness, mental stress, family tensions, debt, shame and in this race all 220.3 million people are striving against one another. Here, Paranoia is good, it makes you think about your competitors constantly, so in time you could do better.

Last year, 2021, it was reported by Reserve Bank Of India a total 7,400 bank fraud cases across whole nation. 31% Indians lost money due to scam. It showed in 2016-17 that 93.3% of fraud cases are unsolved. At this moment Paranoia is legitimized. Cause one could be investing all his life time saving, and won't be sure if it will stay safe. When one takes risks they become Paranoid, as result isn't guaranteed & in 21st century you can't win if you don't take risk, Success requires risk, risk is followed by paranoia.

Paranoia today is a valid suspicion regarding the hidden intentions of others. Its asset in today's world, as people are being cheated often and values have been brushed aside. Paranoid person is someone who examines everything around them and keeps a judgment about further possibility. They have this sense of awareness which alarms them, of what kind of danger the future holds. Paranoia prepares us for what tomorrow could possibly hold, it somehow builds a safe place. Being Paranoid might not be good but in 21st century it's justified.

माँ

बादल में तारे नहीं
तारों में बादल थे
वहीं एक जलद यान पर बैठ
उस नीरव नभ से हम देख रहे नज़ारे थे
देखा हमने परियों और देवियों को
मंडराते और इतराते,
फूलों को बिस्तर समझकर
उनपर कूद रहे थे पारद के पर वाले
स्वर्ग की- सी थी वो नगरी
जहाँ के लोग बड़े निराले थे
अनंतकाल- सा प्रतीत हो रहे
वो सपने हमारे थे।

निंदिया मेरी उड़न छू हुई
अमर्त्य- अंक सा हुआ प्रतीत
पाया मैंने खुद को माँ के गोद में
भुलाकर सबकुछ -वर्तमान, अतीत
माँ की गोद में तो हुए थे दर्शन
दुनिया के सर्वश्रेष्ठ अंग के
भुला न सकते थे कभी हम
उस पुनर्कित विचरण को।

सिर्फ गोद में उतनी शक्ति थी उनके
तो उनमें कितनी शक्ति होगी?
यह सवाल मन में गूँजा
आई याद पार्वती से काली।
दुःख-सुख में सबकुछ देखा उनके
व्यावहारिकता से संवेदनशीलता तक
दिवाकर से भी कर्मठ है वो
कुसुम की- सी कोमल भी।
सहनशीलता का भंडार
पाया जाता है इस रचना में,
संतानों को चर्मोत्कर्ष तक पहुँचाकर
नहीं माँगी पारिश्रमिक कभी जीवन में।
ऐ माँ! हम तो कृतार्थ हैं
बाँट हमसे दुःख, दर्द सब अपना
माँ के प्रति रूप में है
पूरा होता हर सपना।
आप तो धन्य हैं माता !
जिन्हें प्रणाम करते हैं विधाता
आप जहाँ के लिए हैं मेरी माँ,
पर मेरे लिए आप मेरा जहाँ।

The burning of Earth

Yesterday I walked through woods
They were burning from hatred, hunger and pain
greenery got swallowed by double faced humans
No chirruping of birds
Their wings asundered with blades
And winters felt like summer
Probably the world is a whited sculpture
Cause we failed again !

the dulce of tears from Glaciers their smile was
missing in this materialistic world
We can borrow all shit but not time
Plz Stop living in utopian world
Nebula of warnings approaching us
Protect earth before she destroys humanity...
