### *The Rule of Religion* \*\*

"Holding on to anger is like grasping a hot coal with the intent of throwing it at someone else; you are the one who gets burned."

-- Buddha \*

As Indians we are regarded for our tradition, our magnificent roots. The scriptures and the values foster our day to day lives. Every line, every bit of the knowledge is eternal it would, suffice for the profound foundation of the great Indian society. The knowledge which has the power to turn ignorant into an intellect, an ordinary into an extraordinary. It is the knowledge which can ensure the empowerment of all the knowledge which incentivises selfless service to others.

It is like a fast moving arrow, if pointed in the right direction it will perish the enemy, if not it will perish the very person. So it becomes a matter of life and death to a religion sensitive society. In the age of Internet, when percolation of information is seamless and rapid, words must be used and interpreted wisely.

But the reality is bit different. The paradigm shift of the millennium faded the lessons which were embedded in the souls of the people. Its inevitable that we are living in an era of greed. Every task is done in an expectation of something in return. Even people worship god to accomplish their goals. Greed is like a parasite that takeover the consciousness.

As great intellects said, attachment is the root of evil. And attachment to expectations, which has no limitations, is the ocean of evil that is gigantic but can never fulfill one's thirst. It only concludes violence, if not managed well.

This fire spreads multi dimensionally impacting every life and every sector. So, government must take actions, but how can we forget, that they are the ones who first ignited the spark of envy and hatred. And the opposition is, another set of people who are always ready to light up the forest containing the glory of ages. In the blink of an eye the land which had sustained life will have to face grief. It will be an open havoc, full of deafening sorrow.

It becomes crucial to be aware of the hollow words of the people, that questions the harmony and brotherhood of the society. Its time to be responsible, its time to be humans.

The "Rule of Religion" is the "Rule of Hardships", you must respond not react to situations.

### क्या अभी भी वक्त है

सूख गई उसकी जड़, लटें भी मुरझा-सी गई  
बिना चैन वो बेचैन, आत्मविरवास ठंडा-सी गई

क्या अभी भी वक्त है ?

मैं चुनौती देती हूँ।

अरे चल मुसाफिर अभी भी वक्त है,

धर्म धर्म छोड़ तू हमारा एक ही तो रक्त है,  
मौसम भी बदलते हैं वायु फिर से तीव्र होगी,

नया मिजाज होगा नए ख़ाब भी होगी।

निडर पथ होगा हौसला बुलंद होगा,

उस बीज को खुद रास्ता बनाना होगा,

हाँ आँधी के साथ अब उड़ान डालना होगा,

हाँ आँधी के साथ अब तूफान बनाना होगा।

पग-पग छूट जाने का डर भी होगा,

बहुत हुआ अब मुझे छिपी रोशनी बनना है,

काँटों में भी गुलाब और सच्चाई का स्तंभ बनना है,

क्रूरता को खत्म, बाधाओं को भस्म करना है,

हाँ मुझे परिवर्तन का दूसरा मिसाल बनना है।।
